

2018 POST & GUARD SCHOOL

MGBASKETBALL

PO Box 372
Aledo, TX 76008

"Coach Garnett's Post-Guard School has been an integral part of our development over the past several years. Coach Garnett truly cares about his campers and goes above and beyond to help each individual athlete improve. If we had to choose one camp each summer, this would definitely be the one."

Andy Copley (3x Texas State Champion) - Canadian Wildcats

"This camp is the best thing that has happened to summer basketball in my twenty years of coaching high school basketball."

- Russell Perkins, Argyle High School

Camp T-Shirt

Skill Development Homework

11th Year of MGBasketball Post & Guard School

Our goal is to teach “game applicable” skills and develop decision-making instincts that will truly help campers to become better basketball players. There are no gimmicks involved with MGBasketball Post & Guard School. Players will receive detailed instruction, based upon film study, that will truly help them “carry-over” the essential skills needed to be more productive players in the game setting.

GUARD SCHOOL is a teaching camp for a guard who is looking to take his or her game to the next level. This camp features a detailed learning environment based on developing game applicable skills that “translate” into high frequency game situations. The following high frequency game situations will be covered:

- Advanced **Ball Screen** Techniques
- “In Game” Finishing Moves
- Spot up Situation – Attacking the Closeout
- Playing without the Ball in your hand
- Decision Making in the Paint
- Perimeter Footwork Series
- “In Game” Dribble Moves – No Gimmicks
- Handling Pressure (Zone and Man)

Each skill development session will be followed by a “Lab” session in which the campers have the opportunity to implement the skills they are learning during the instructional sessions into “Live Controlled Play”

POST SCHOOL is a teaching camp designed for the player looking to develop his or her post-specific fundamentals and skills. Campers will receive detailed instruction and the repetition necessary to develop both low post and mid / high post footwork. The following high-frequency game situations will be covered.

- Hi-Lo Footwork and Reads
- Playing against a Front
- Details of the Ball Screen
- Passing out of the Post
- Handling the double team
- Short Corner Attack
- Playing against a Zone
- “Dribble Post” Footwork
- Transition Post Play
- Heater Series

Each skill development session will be followed by a “Lab” session in which the campers have the opportunity to implement the skills they are learning during the instructional sessions into “Live Controlled Play”

LIVE “LAB” PLAY

In the evening, the two camps will combine to form teams for the Live “Lab” League Play.

VIDEO SESSIONS

Clinics will feature video breakdown sessions of the specific skills and high frequency game situations that are being taught to further aid the learning process.

SMALL COLLEGE CONNECTION

High School campers interested in playing at the collegiate level will be evaluated by Small College Connection, a high school prospect report that identifies legitimate college prospects for quality small college basketball programs across the country.

ADDITIONAL INFO

Check-in: 11:30 – 1 pm Check-Out: Noon

During competition play each night, the Guard School campers will combine with Post School campers to form teams. During these competitions, both guards and posts will have a “laboratory” to test the skills and concepts they have learned throughout the camp.

Overnight Campers will stay on campus in air-conditioned dorms and be provided the following all-you-can eat meals (meals included for commuters).

- Day 1: Dinner
- Day 2: Breakfast, Lunch, Dinner
- Day 3: Breakfast

STAFF

The MGBasketball Guard & Post School staff will feature:

- College Coaches
- High School Coaches
- Current / Former College / Professional Basketball Players

Coach **Matt Garnett** is the owner, founder, and director of MGBasketball Instruction. During his time as the collegiate head coach at McMurry University, Garnett was named the American Southwest Conference Coach of the Year while leading McMurry to its first Conference Championship and – NCAA National Tournament appearance in over ten years. During his tenure at Wayland Baptist University, Garnett orchestrated a turnaround leading the Pioneers back to the NAIA National Tournament in both 2014 and 2015 after inheriting a team that won only nine games prior to his arrival. The 2014-15 season produced a 27-6 record and the school’s only Sooner Athletic Conference Championship in the history of the program. During the 2016-17 season, while serving as the Associate Head Coach at Texas Wesleyan University, Garnett helped the Rams win the 2017 NAIA National Championship.

Garnett also serves as the director of Small College Connection, a high school prospect report that identifies legitimate college prospects for quality small college basketball programs across the country.

“Garnett is known for his specific and detailed approach to teaching the game of basketball. Using practical methods, he equips players with the skills needed to take their game to the next level.”

Garnett graduated from Wayland Baptist University with a B.A in English and holds a Master’s Degree in Christian Ministry from Wayland Baptist University.
